Congratulations on your purchase of the LulzBot KITTAZ 3D printer kit!

You have now joined a community of users who not only have one of the best Free & Libre 3D printers on the market, but you'll also be able to say "I built this!".

To make for a more enjoyable and successful build, we have several resources available:

Assembly Instructions:
OHAI-Kit.AlephObjects.com/group/KITTAZ

Scan the QR code with your mobile device & your favorite barcode reader to be taken directly to the build instructions.

Bill of Materials & Packing List:
http://devel.lulzbot.com/TAZ/KITTAZ/

Scan the QR code with your mobile device & your favorite barcode reader to be taken directly to the development directory.

If you have any questions or comments, we'd love to hear from you! We can be reached Monday through Friday, from 9:00 am – 5:00 pm Eastern Time (US), by sending an email to Support@LulzBot.com

Happy Printing!
